## KING OF THE ROAD WITH 20+ HOURS OF PORTABLE PLAYTIME

## PRODUCT COPY

---

Bring the show on the road with Tufton, the mightiest portable speaker from Marshall. Tufton packs 20+ hours of portable playtime, allowing you to go further, for longer. Bluetooth® 5.0 technology allows you to connect to a variety of wireless devices with a range of 10 m. Tufton is engineered as a 3-way system, producing sound from three separate drivers – a tweeter, mid-range driver and subwoofer. This configuration produces a clear and articulate sound across all frequencies. An additional mid-range driver is located on the rear of the speaker to give the listener a truly immersive experience.

Echoing the legacy of rock 'n' roll, Tufton has a solid metal grille that pays homage to the steel mesh grille found on many microphones and a guitar inspired carry strap for easy portability. An IPX2 water-resistance rating and flush mounted corner caps make it an extremely rugged and durable speaker. Tufton is a behemoth of sound, made for the open road.

## UNIQUE SELLING POINTS

---

### 1. 20+ HOURS OF PORTABLE PLAYTIME

**Short:** Tufton offers 20+ hours of portable playtime on a single charge.

**Medium:** Tufton offers 20+ hours of portable playtime on a single charge. Its guitar inspired carry strap makes it perfect to take with you.
