

Features

- Robust construction
- Ergonomic design ensures operator comfort
- Cleans up to 1750m² per hour
- Single brush of 500 mm
- Adjustable chemical dilution
- Batteries safely housed
- On-board battery charger
- Simple control panel
- Adjustable squeegee
- Easily maneuverable
- Wide squeegee optimises water recovery

Technical Specifications

Autoscrubber GT50+

Gadlee®

Details	GT50+
Solution Tank Capacity	50 L
Recovery Tank Capacity	55 L
Scrubbing Width	50 cm
Squeegee Width	81.5 cm
Maximum running time	3h (5h ECO Mode)
Cleaning Pressure	30 kg
Suction Motor Power	480 W
Battery Voltage	24 V
Noise Level	67 dB(A)
Maximum Speed	4 km/h
Weight (Without batteries)	71.5 kg

Sturdy, durable and built for the contractor
