

Features

- Robust construction
- Ergonomic design ensures operator comfort
- Cleans up to 1900m² per hour
- Single brush of 500 mm
- Adjustable chemical dilution
- Batteries safely housed
- On-board battery charger
- Simple control panel
- Adjustable squeegee
- Easily maneuverable
- Wide squeegee optimises water recovery

Technical Specifications

Autoscrubber GT50

Details	GT50
Solution Tank Capacity	50 l
Recovery Tank Capacity	50 l
Scrubbing Width	50 cm
Squeegee Width	81.5 cm
Maximum Brush Pressure	25 kg
Brush Rotation Speed	155 r.p.m
Suction Motor Power	480 W
Battery Voltage	24 V
Noise Level	67 dB(A)
Maximum Speed	4 km/h
Weight (Without batteries)	80 kg

****Please note: The above machine is not manufactured by Kränzle Germany**

Sturdy, durable and built for the contractor
