Steam Box Pro is a steam generator with stainless-steel body and boiler, designed for industrial use and able to deliver dry saturated steam at 183°C.

The sturdy structure, the fully electric operation and its small size enable to use it in any environment, both outdoors (with IPX5 degree of protection) and indoors (e.g. in production lines).

On board there is an electronic control console for the management of all generator functions.

Steam Box Pro è un generatore ad uso industriale con scocca e caldaia in acciaio inox, in grado di sviluppare vapore saturo secco a 183° C.

La struttura robusta, il funzionamento completamente elettrico e le dimensioni contenute rendono possibile il suo utilizzo in qualsiasi ambiente; sia all' esterno (grado di protezione IPX5) che all' interno (es. linee di produzione).

A bordo è presente una console elettronica di comando per la gestione e il controllo di tutte le funzioni del generatore.
